

## Code Corner

Code Enforcement is a very important part of the Public Works Department. Our Code Enforcement Officer, Gordon Gibson is in charge of overseeing that all the city's ordinances and codes are being followed, not only by residents but by contractors (hired by home owners) as well as businesses along the 290 Highway. The Code Enforcement Officer is also responsible for animal control, which is in itself a huge task.

Contractors are working in our city everyday, performing tasks such as installing new water heaters, driveways, roof work, new pools, and sprinklers systems. All require that a permit be pulled by the home owner or the contractor. This insures that all parties involved are protected. Contractors will provide proof of insurance and licenses for the work they are doing. This will protect home owners against using someone who is not licensed in their field (electrical, pool repair) to do work.

The Code Enforcement Officer drives around the city to make sure that all jobs have the correct permits pulled. While on inspection if the contractor does not have the required permits, work shall be stopped or the contractor will be asked to comply with the city's ordinance and go to city hall to obtain a permit. This is not meant to be an inconvenience, but to protect home owners

and make sure the ordinances and codes are being followed.

In addition, the Code Enforcement Officer checks for trash being put out too early, and tree limbs that are not trimmed causing branches to hit vehicles. Signs that are placed in the right of way are picked up. Empty lots are looked at to make sure they are in compliance with the city's ordinance. The business districts are looked at to see if any new construction is being done and that the required permits are pulled.

On a different note, we've all had a time when our pets have gotten out and disappeared for some time before we were able to track them down. It's very important that any residents who have pets register them with the city. You will receive a pet tag for your pet to wear around his/her collar. If your pet does decide to "take a walk" and he/she is picked up by the code enforcement officer he can quickly return your pets. In some cases we have picked up animals with no tags and have to wait until we are called by a resident to see if we have picked up their pet. Pet tags are only \$2 a year (they have to be bought annually) and proof of rabies vaccination must be presented. ★

---

### City Offices Closed for Memorial Day

City offices will be closed on Monday, May 28, 2018 in observance of Memorial Day. City offices will re-open for business at the regular time on Tuesday, May 29, 2018. The Police Department, Fire Department and Emergency Medical Services personnel will be on duty for emergencies and other City personnel from other departments will be on-call, if required.

**Where:** 16327 Lakeview Dr. in the Civic Center parking lot.

**Interested in becoming a vendor? Visit <http://bit.ly/JVFMapp>**

## Swimming Pool and Spa Water Discharge Guidelines

Swimming pools and spas can contain significant levels of chlorine or other chemicals used for disinfection or cleaning purposes. If this water is discharged into the storm sewer system untreated, these chemicals could cause damage to water quality, aquatic life, and wildlife.

The Texas Commission on Environmental Quality (TCEQ) is the state's environmental agency protecting the public's health and natural resources. The TCEQ created regulations on what can discharge into a storm sewer system. Swimming pool and spa discharges are included in these regulations and must be free of chlorine and other chemicals prior to entering a conveyance system. The City of Jersey Village is a Municipal Separate Storm Sewer System (MS4). The City has the authority and responsibility to regulate all public stormwater conveyance systems (such as swales, streets, inlets, outfalls, and detention basins) within the City boundary. In order to comply with the TCEQ regulations, swimming pool and spa discharges are regulated through the City's Ordinance. ★

The following discharges are allowed:

- o Rain Water Runoff
- o Runoff or Return Flow from Irrigation
- o Waterline Flushing
- o Discharges from Portable Water Sources
- o Uncontaminated Ground Water
- o Foundation and Footing Drains
- o Air Conditioning Condensation
- o Crawl Space Pump Water
- o Residential Vehicle Washing
- o Street Washing
- o Fire Fighting Emergency Activities
- o Dechlorinated Swimming Pool Discharges
- o Non-Storm Discharges 40 CFR

**STORM DRAINS ARE FOR RAIN WATER ONLY  
KEEP POOL AND SPA WATER OUT OF STORM  
DRAINS, CREEKS AND WATERWAYS.**

### CLEANING

- NEVER CLEAN A FILTER IN THE STREET, GUTTER OR STORM DRAIN
- RINSE CARTRIDGE FILTERS ONTO A DIRT AREA AND SPADE FILTER RESIDUE INTO THE SOIL
- KEEP BACKWASH DISCHARGE OUT OF THE STREET AND STORM DRAIN.

### DRAINING

- DON'T DRAIN INTO A STREET, GUTTER, STORM DRAIN OR WATERBODY
- DISCHARGE WATER TO A SANITARY SEWER CLEANOUT (CONTACT YOUR WASTE OPERATOR PRIOR TO DISCHARGE)
- SALT WATER SWIMMING POOL AND SPA DISCHARGES ARE NOT ALLOWED IN THE STORM SEWER SYSTEM.

# Jersey Meadow Golf

## Tip of the Month – by Matt Jones

1. When you practice - always have a target. Never practice without a target. Periodically use an alignment stick to check your aim on the range – this practice tip will help you be more confident on the course.

2. Buy a practice range card from Jersey Meadow Golf Course.

- a. \$50 Range Card: 12 medium baskets (saves your \$10)
- b. \$150 Premium Range Card: 40 medium baskets (saves you \$50)
